

Recommend an Audiobook or eBook for Purchase

If there is an audiobook or eBook you'd like to check out (or one that you think others would enjoy), you can recommend the title to us by following these simple steps:

Step 1:

[Visit Overdrive](#), our audiobook and eBook check out system.

Step 2:

Sign in by clicking the link in the upper right corner. You will need your library card number and your password/PIN.

The screenshot shows the top navigation bar of the Lake County Public Library website. At the top, a dark blue banner reads "Discover the Next Generation experience." Below this, an orange navigation bar contains a "Return to Library" link on the left and a "Sign In" link on the right. A red arrow points to the "Sign In" link. The main header area features the library logo, the text "Welcome! Lake County Public Library", and navigation icons for "Menu", "Account", and "Help". A search box labeled "Search..." and "Advanced Search" is also present. Below the header is a grid of category links including eBook Fiction, eBook Nonfiction, Audiobook Fiction, Audiobook Nonfiction, Kids & Teens, and Featured Collections.

Step 3:

Once you are signed in, you will be automatically taken back to the home screen, where you can perform a search. You can enter both title and author in the search box.

This close-up shows the navigation icons: "Menu", "Account", "Help", and "Advanced Search". A red arrow points from the "Account" icon to the "Advanced Search" box, which contains a "Search..." input field and a magnifying glass icon.

Step 4:

View your results to make sure that we don't already have the title you're looking for. If there are many pages of results, use the options on the left to narrow it down.

Step 6:

Did the title you were looking for appear in your search results? If it didn't, then the title may not be available at all as an audiobook or eBook – sometimes publishers do not allow digital copies of books to be checked out.

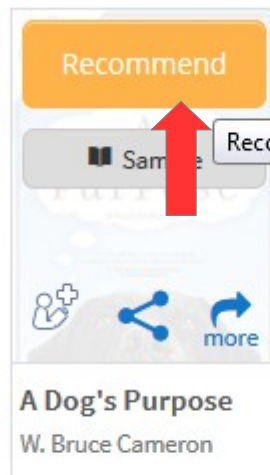

If you *do* see the title you were looking for, though, hover over the cover and click “Recommend”.
